### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: the closest cited prior art (Struck et al) teach a process wherein the claimed copolymers are added to a papermaking furnish as a retention aid or flocculant. Addition of the copolymers to a base paper is not disclosed in the prior art. Such addition would not meet the retention and flocculation needs of Struck et al, therefore would not have been obvious over Struck et al. Other prior art, Kawai et al disclose a recording sheet with an ink absorbing layer comprising a polymer having cationic and hydrophilic monomers similar to the claimed monomers but also requiring a crosslinking monomer as part of the polymer. A non-crosslinked copolymer would form a different structure and would not have been obvious over the disclosed polymer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dennis Cordray whose telephone number is 571-272-8244. The examiner can normally be reached on M - F, 7:30 -4:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Steven Griffin can be reached on 571-272-1189. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
